

## CONTENTS

|  |        |
|--|--------|
| Dynamic behavior of multi span continuous girder bridge with isolation bearings<br><i>S.S. Roy, S.R. Dash</i>              | 1-23   |
| Mathematical modelling of laminated plates on buckling<br><i>Osama Mohammed Elmardi Suleiman Khayal, Tagelsir Hassan</i>   | 25-39  |
| A numerical study on network arch bridges subjected to cable loss<br><i>Domenico Bruno, Paolo Lonetti, Arturo Pascuzzo</i> | 41-59  |
| Camber in pretensioned bridge I-girder immediately after prestress transfer<br><i>J. Kent Hsiao, Alexander Y. Jiang</i>    | 61-84  |
| Simplified computation of time dependent effects of segmental bridges<br><i>Atef Gendy, Magdy Rashed</i>                   | 85-107 |
